

Sponsorship Prospectus 2026

/* COMPSOC */

University of Canterbury
Computer Society

Kia ora! We're CompSoc.

We're CompSoc, and for the past 20 years, we've proudly represented the vibrant community of Computer Science and Software Engineering students at the University of Canterbury (UC). Our mission? To empower our members academically, professionally, and socially during their journey at UC.

We thrive on the support of our sponsors. Your partnership not only provides essential financial backing for our initiatives but also opens the door to a pool of talented students and great advertising opportunities within our community.

We host a variety of events, from social BBQs and quiz nights to graduate Q&A sessions and mock interviews. These events are made possible thanks to your generosity.

We would love to invite you to join us as a partner in 2026! Together, we can create valuable experiences for our students while giving your company the recognition it deserves. Let's make a positive impact together!

Sponsorship Tiers

Benefit	BRONZE \$850	SILVER \$1500	GOLD \$2400
Merch Distribution ¹	Y	Y	Y
Invitation to join our Mock Interview Event	Y	Y	Y
Company logo on our Facebook Banner	Third Spot	Second Spot	Top Spot

General Advertisement ³		Noticeboard	TV, Noticeboard, & Virtual Newsletter
Company banner at our events		Virtual ⁴	Physical ⁵ & Virtual
Thanked at events			Y
Internship/Graduate role Promotion Event			Y

The table above outlines our three sponsorship tiers. However, at CompSoc, we understand sponsorship is more than just three tiers; it's a conversation waiting to happen. We're eager to start that conversation with you.

¹ Send us merchandise that you would like to distribute to students, and we can give it out at our events!

² Opportunity to fund and run an event for our members that CompSoc will facilitate

³ There is a TV + noticeboard for CompSoc notices in the main foyer of the computer science/math building

⁴ Virtual banner = A slide showing the company logo shown at events when a projector is available

⁵ Physical banners shown at every event. These can be kept by CompSoc or lent per event. They will not be shown at an event sponsored exclusively by another sponsor.

Events

CompSoc aims to host a variety of events throughout the year. Here is an outline of our types of events, and how we plan to carry on with these events in 2026...

Social

In 2026, CompSoc is looking to expand our social events to cater to our growing membership. Your sponsorship gives us the opportunity to support hundreds of students throughout their university careers. Initiatives that we are looking forward to continuing are...

Project Pancake - Free pancakes for the late-night studiers of Computer Science, occurring once a term

Quiz Night - In 2025, we had a successful quiz night with high attendance

BBQ - We host several BBQs throughout the year as a chance for our members to socialise and network, further strengthening our community over shared kai.

Academic

Our aim for academic/industry events is to give our students the opportunity to discover and develop their skills for the software industry and to connect with companies working in that space.

Initiatives that we are looking forward to running again in 2026...

Mock Interviews - Connecting students and industry professionals with an in-person private mock interview.

CyberSushi - Workshop educating our members on common security vulnerabilities found on websites, and how we can avoid them.

Intro to DevOps - Workshop breaking down the DevOps process for agile software development.

Working with sponsors provides invaluable opportunities for our members. This collaboration not only enriches our events but also equips students with practical insights and networking opportunities essential for their future careers. Furthermore, it helps participating companies connect with students and advertise their roles to the next generation of Software Engineers/Computer Scientists.

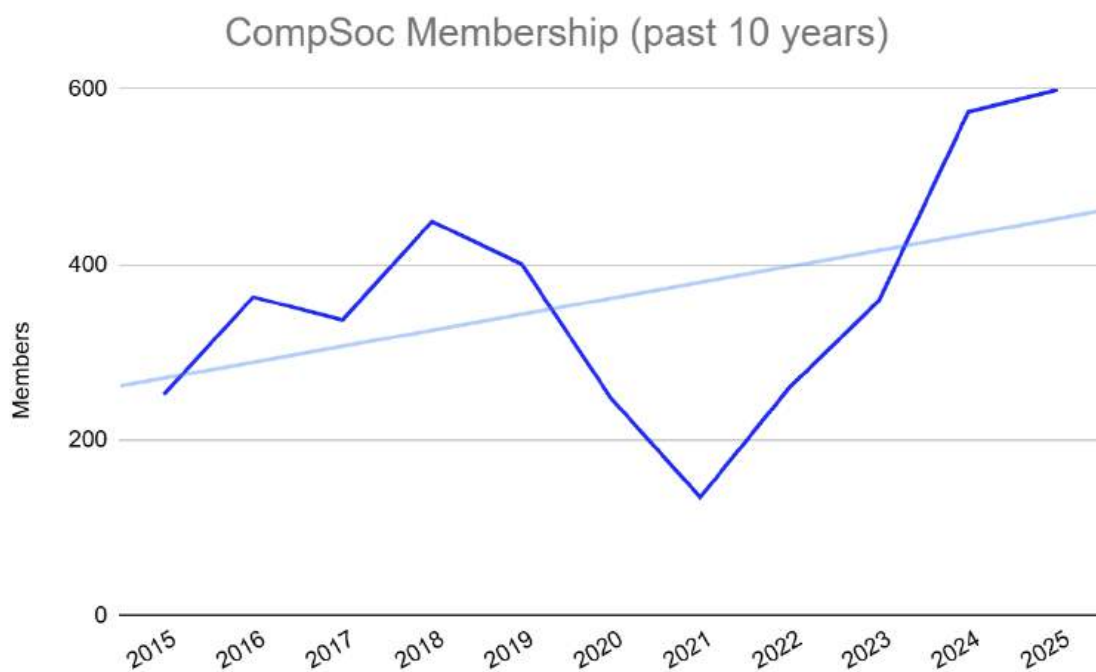

Our Stats

As expected, we are suckers for a spreadsheet. Check out some interesting stats about our club from previous years!

Membership

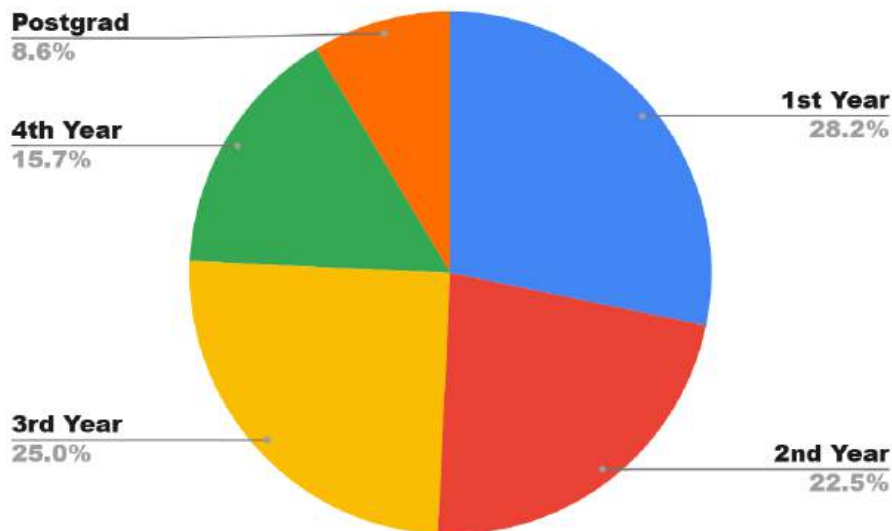

CompSoc's membership has skyrocketed in recent years! We have managed a great recovery coming out of the COVID era, and are increasing as the enrolment at the university also increases.

Demographic

In 2025, we had **599 members**. With this huge number, we have worked hard to increase our number of events per year. In 2023, CompSoc held 8 events, which increased to 22 events in 2024 and 26 events in 2025. Next year we are excited to boost that number again!

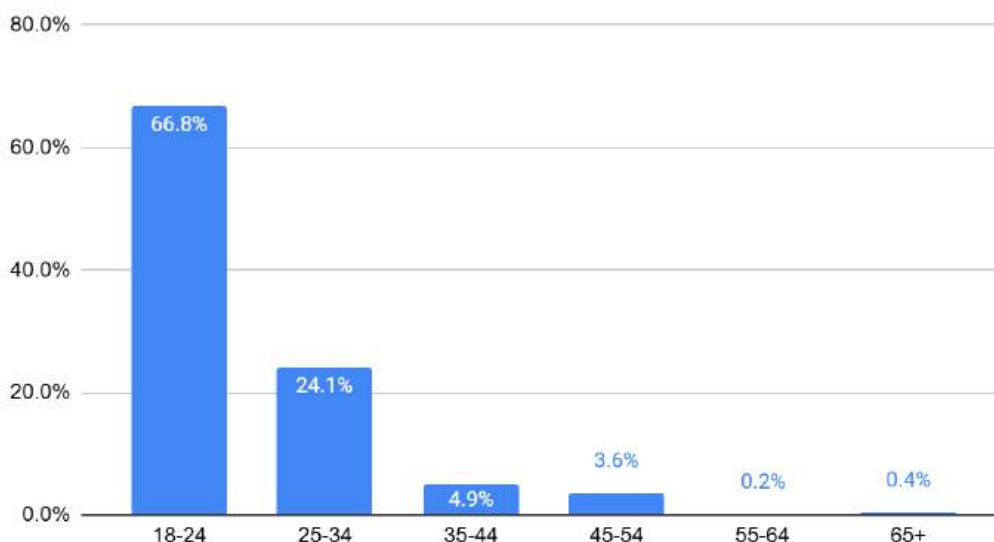

Below is a breakdown of our membership by year level.

Social Media

The following statistics have been sourced from the CompSoc Meta Business Suite. Across Instagram and Facebook, we have a combined following of **over 2500 followers**. In 2025, we had 7.2K profile visits and 157.8K content views!

Instagram Followers By Age Range

Get in touch with us

We are looking for sponsors for 2026; if you want to start having a conversation with us, please do get in touch. We endeavour to create relationships that are beneficial to our members and our sponsors.
